

Policies

No dog with a contagious illness will be accepted for any service until cleared by a Veterinarian.

All dogs must be current on the following vaccinations and test: Rabies, Distemper, Parvo, Lepto, Bordatella, and have a negative fecal test.

Females in season and intact males may not participate in day camp.

Capitol Canine Club allows dogs to play cage-free with other dogs while also practicing some basic training and manners. The dogs are walked outside before and after play times and are given a nap period mid-day. This program allows pet's maximum freedom to run, play and interact with other dogs while being closely supervised by trained staff. Our club offers pets a doggie daycare experience with the same high quality of care that is expected from Old Dominion Animal Health Center.

Capitol Canine Club is only available to current clients of Old Dominion Animal Health Center.
